Important information

The 2021-2022 New York State budget was signed into law on April 19, 2021. Changes to New York State personal income tax have caused withholding tax changes for taxpayers with taxable income:

- more than \$2,155,350, and who are married filing jointly or a qualified widow(er);
- more than \$1,077,550, and who are single or married filing separately; or
- more than \$1,616,450, and who are head of household.

Accordingly, if you previously filed a Form IT-2104 and earn more than the amounts listed above, you should complete a new 2022 Form IT-2104 and give it to your employer.

Changes effective for 2022

Form IT-2104 has been revised for tax year 2022. The worksheet on page 4 and the charts beginning on page 5, used to compute withholding allowances or to enter an additional dollar amount on line(s) 3, 4, or 5, have been revised. If you previously filed a Form IT-2104 and used the worksheet or charts, you should complete a new 2022 Form IT-2104 and give it to your employer.

Who should file this form

This certificate, Form IT-2104, is completed by an employee and given to the employer to instruct the employer how much New York State (and New York City and Yonkers) tax to withhold from the employee's pay. The more allowances claimed, the lower the amount of tax withheld.

If the federal Form W-4 you most recently submitted to your employer was for tax year 2019 or earlier, and you did not file Form IT-2104, your employer may use the same number of allowances you claimed on your federal Form W-4. Due to differences in federal and New York State tax law, this may result in the wrong amount of tax withheld for New York State, New York City, and Yonkers.

For tax years 2020 or later, withholding allowances are no longer reported on federal Form W-4. Therefore, if you submit a federal Form W-4 to your employer for tax year 2020 or later, and you do not file Form IT-2104, your employer may use zero as your number of allowances. This may result in the wrong amount of tax withheld for New York State, New York City, and Yonkers.

Complete Form IT-2104 each year and file it with your employer if the number of allowances you may claim is different from federal Form W-4 or

has changed. Common reasons for completing a new Form IT-2104 each year include the following:

- You started a new job.
- You are no longer a dependent.
- Your individual circumstances may have changed (for example, you were married or have an additional child).
- You moved into or out of NYC or Yonkers.
- You itemize your deductions on your personal income tax return.
- You claim allowances for New York State credits.
- You owed tax or received a large refund when you filed your personal income tax return for the past year.
- Your wages have increased and you expect to earn \$107,650 or more during the tax year.
- The total income of you and your spouse has increased to \$107,650 or more for the tax year.
- You have significantly more or less income from other sources or from another job.
- You no longer qualify for exemption from withholding.
- You have been advised by the Internal Revenue Service that you are entitled to fewer allowances than claimed on your original federal Form W-4 (submitted to your employer for tax year 2019 or earlier), and the disallowed allowances were claimed on your original Form IT-2104.
- You are a covered employee of an employer that has elected to participate in the Employer Compensation Expense Program.

Exemption from withholding

You cannot use Form IT-2104 to claim exemption from withholding. To claim exemption from income tax withholding, you **must** file Form IT-2104-E, *Certificate of Exemption from Withholding*, with your employer. You must file a new certificate each year that you qualify for exemption. This exemption from withholding is allowable only if you had no New York income tax liability in the prior year, you expect none in the current year, **and** you are over 65 years of age, under 18, or a full-time student under 25. You may also claim exemption from withholding if you are a military spouse and meet the conditions set forth under the Servicemembers Civil Relief Act as amended by the Military Spouses Residency Relief Act and the Veterans Benefits and Transition Act. If you are a dependent who is under 18 or a full-time student, you may owe tax if your income is more than \$3,100.

Withholding allowances

You may **not** claim a withholding allowance for yourself or, if married, your spouse. Claim the number of withholding allowances you compute in Part 1 and Part 4 of the worksheet on page 4. If you want more tax withheld, you may claim fewer allowances. **If you claim more than 14 allowances**, your employer **must send** a copy of your **Form IT-2104** to the New York State Tax Department. You may then be asked to verify your allowances. If you arrive at negative allowances (less than zero) on lines 1 or 2 and your employer cannot accommodate negative allowances, **enter 0** and see *Additional dollar amount(s)* below.

Income from sources other than wages – If you have more than \$1,000 of income from sources other than wages (such as interest, dividends, or alimony received), reduce the number of allowances claimed on line 1 and line 2 (if applicable) of the IT-2104 certificate by one for each \$1,000 of nonwage income. If you arrive at negative allowances (less than zero), see *Withholding allowances* above. You may also consider making estimated tax payments, especially if you have significant amounts of nonwage income. Estimated tax requires that payments be made by the employee directly to the Tax Department on a quarterly basis. For more information, see the instructions for Form IT-2105, *Estimated Tax Payment Voucher for Individuals*, or see *Need help?* on page 7.

Other credits (Worksheet line 14) – If you will be eligible to claim any credits other than the credits listed in the worksheet, such as an investment tax credit, you may claim additional allowances.

Find your filing status and your New York adjusted gross income (NYAGI) in the chart below, and divide the amount of the expected credit by the number indicated. Enter the result (rounded to the nearest whole number) on line 14.

Single and NYAGI is:	Head of household and NYAGI is:	Married and NYAGI is:	Divide amount of expected credit by:
Less than \$215,400	Less than \$269,300	Less than \$323,200	63
Between \$215,400 and \$1,077,550	Between \$269,300 and \$1,616,450	Between \$323,200 and \$2,155,350	68
Between \$1,077,550 and \$5,000,000	Between \$1,616,450 and \$5,000,000	Between \$2,155,350 and \$5,000,000	96
Between \$5,000,000 and \$25,000,000	Between \$5,000,000 and \$25,000,000	Between \$5,000,000 and \$25,000,000	100
Over \$25,000,000	Over \$25,000,000	Over \$25,000,000	110

Example: *You are married and expect your New York adjusted gross income to be less than \$323,200. In addition, you expect to receive a flow-through of an investment tax credit from the S corporation of which you are a shareholder. The investment tax credit will be \$160. Divide the expected credit by 63. 160/63 = 2.5397. The additional withholding allowance(s) would be 3. Enter 3 on line 14.*

Married couples with both spouses working – If you and your spouse both work, you should each file a separate IT-2104 certificate with your respective employers. Your withholding will better match your total tax if the higher wage-earning spouse claims all of the couple’s allowances and the lower wage-earning spouse claims zero allowances. **Do not** claim more total allowances than you are entitled to. If your combined wages are:

- less than \$107,650, you should each mark an **X** in the box *Married, but withhold at higher single rate* on the certificate front, and divide the total number of allowances that you compute on line 19 and line 31 (if applicable) between you and your working spouse.
- \$107,650 or more, use the chart(s) in Part 5 and enter the additional withholding dollar amount on line 3.

Taxpayers with more than one job – If you have more than one job, file a separate IT-2104 certificate with each of your employers. Be sure to claim only the total number of allowances that you are entitled to. Your withholding will better match your total tax if you claim all of your allowances at your higher-paying job and zero allowances at the lower-paying job. In addition, to make sure that you have enough tax withheld, if you are a single taxpayer or head of household with two or more jobs, and your combined wages from all jobs are under \$107,650, reduce the number of allowances by seven on line 1 and line 2 (if applicable) on the certificate you file with your higher-paying job employer. If you arrive at negative allowances (less than zero), see *Withholding allowances* above.

If you are a single or a head of household taxpayer, and your combined wages from all of your jobs are between \$107,650 and \$2,263,265, use the chart(s) in Part 6 and enter the additional withholding dollar amount from the chart on line 3.

If you are a married taxpayer, and your combined wages from all of your jobs are \$107,650 or more, use the chart(s) in Part 5 and enter the additional withholding dollar amount from the chart on line 3 (Substitute the words *Higher-paying job* for *Higher earner’s wages* within the chart).

Dependents – If you are a dependent of another taxpayer and expect your income to exceed \$3,100, you should reduce your withholding allowances by one for each \$1,000 of income over \$2,500. This will ensure that your employer withholds enough tax.

Following the above instructions will help to ensure that you will not owe additional tax when you file your return.

Heads of households with only one job – If you will use the head-of-household filing status on your state income tax return, mark the *Single or Head of household* box on the front of the certificate. If you have only one job, you may also wish to claim two additional withholding allowances on line 15.

Additional dollar amount(s)

You may ask your employer to withhold an additional dollar amount each pay period by completing lines 3, 4, and 5 on Form IT-2104. In most instances, if you compute a negative number of allowances and your employer cannot accommodate a negative number, for each negative allowance claimed you should have an additional \$1.85 of tax withheld per week for New York State withholding on line 3, and an additional \$0.80 of tax withheld per week for New York City withholding on line 4. Yonkers residents should use 16.75% (.1675) of the New York State amount for additional withholding for Yonkers on line 5.

Note: If you are requesting your employer to withhold an additional dollar amount on lines 3, 4, or 5 of this allowance certificate, the additional dollar amount, as determined by these instructions or by using the chart(s) in Part 5 or Part 6, is accurate for a weekly payroll. Therefore, if you are not paid on a weekly basis, you will need to adjust the dollar amount(s) that you compute. For example, if you are paid biweekly, you must double the dollar amount(s) computed.

Avoid underwithholding

Form IT-2104, together with your employer's withholding tables, is designed to ensure that the correct amount of tax is withheld from your pay. If you fail to have enough tax withheld during the entire year, you may owe a large tax liability when you file your return. The Tax Department must assess interest and may impose penalties in certain situations in addition to the tax liability. Even if you do not file a return, we may determine that you owe personal income tax, and we may assess interest and penalties on the amount of tax that you should have paid during the year.

Step 1: Enter Personal Information	(a) First name and middle initial	Last name	(b) Social security number
	Address		▶ Does your name match the name on your social security card? If not, to ensure you get credit for your earnings, contact SSA at 800-772-1213 or go to www.ssa.gov .

	(c) <input type="checkbox"/> Single or Married filing separately <input type="checkbox"/> Married filing jointly or Qualifying widow(er) <input type="checkbox"/> Head of household (Check only if you're unmarried and pay more than half the costs of keeping up a home for yourself and a qualifying individual.)		

Complete Steps 2–4 ONLY if they apply to you; otherwise, skip to Step 5. See page 2 for more information on each step, who can claim exemption from withholding, when to use the estimator at www.irs.gov/W4App, and privacy.

Step 2: Multiple Jobs or Spouse Works

Complete this step if you (1) hold more than one job at a time, or (2) are married filing jointly and your spouse also works. The correct amount of withholding depends on income earned from all of these jobs.

Do **only one** of the following.

(a) Use the estimator at www.irs.gov/W4App for most accurate withholding for this step (and Steps 3–4); **or**

(b) Use the Multiple Jobs Worksheet on page 3 and enter the result in Step 4(c) below for roughly accurate withholding; **or**

(c) If there are only two jobs total, you may check this box. Do the same on Form W-4 for the other job. This option is accurate for jobs with similar pay; otherwise, more tax than necessary may be withheld . . . ▶

TIP: To be accurate, submit a 2022 Form W-4 for all other jobs. If you (or your spouse) have self-employment income, including as an independent contractor, use the estimator.

Complete Steps 3–4(b) on Form W-4 for only ONE of these jobs. Leave those steps blank for the other jobs. (Your withholding will be most accurate if you complete Steps 3–4(b) on the Form W-4 for the highest paying job.)

Step 3: Claim Dependents	If your total income will be \$200,000 or less (\$400,000 or less if married filing jointly): Multiply the number of qualifying children under age 17 by \$2,000 ▶ \$ _____		
	Multiply the number of other dependents by \$500 ▶ \$ _____		
	Add the amounts above and enter the total here	3	\$
Step 4 (optional): Other Adjustments	(a) Other income (not from jobs). If you want tax withheld for other income you expect this year that won't have withholding, enter the amount of other income here. This may include interest, dividends, and retirement income	4(a)	\$
	(b) Deductions. If you expect to claim deductions other than the standard deduction and want to reduce your withholding, use the Deductions Worksheet on page 3 and enter the result here	4(b)	\$

Future Developments

For the latest information about developments related to Form W-4, such as legislation enacted after it was published, go to www.irs.gov/FormW4.

Purpose of Form

Complete Form W-4 so that your employer can withhold the correct federal income tax from your pay. If too little is withheld, you will generally owe tax when you file your tax return and may owe a penalty. If too much is withheld, you will generally be due a refund. Complete a new Form W-4 when changes to your personal or financial situation would change the entries on the form. For more information on withholding and when you must furnish a new Form W-4, see Pub. 505, Tax Withholding and Estimated Tax.

Exemption from withholding. You may claim exemption from withholding for 2022 if you meet both of the following conditions: you had no federal income tax liability in 2021 **and** you expect to have no federal income tax liability in 2022. You had no federal income tax liability in 2021 if (1) your total tax on line 24 on your 2021 Form 1040 or 1040-SR is zero (or less than the sum of lines 27a, 28, 29, and 30), or (2) you were not required to file a return because your income was below the filing threshold for your correct filing status. If you claim exemption, you will have no income tax withheld from your paycheck and may owe taxes and penalties when you file your 2022 tax return. To claim exemption from withholding, certify that you meet both of the conditions above by writing "Exempt" on Form W-4 in the space below Step 4(c). Then, complete Steps 1(a), 1(b), and 5. Do not complete any other steps. You will need to submit a new Form W-4 by February 15, 2023.

Your privacy. If you prefer to limit information provided in Steps 2 through 4, use the online estimator, which will also increase accuracy.

As an alternative to the estimator: if you have concerns with Step 2(c), you may choose Step 2(b); if you have concerns with Step 4(a), you may enter an additional amount you want withheld per pay period in Step 4(c). If this is the only job in your household, you may instead check the box in Step 2(c), which will increase your withholding and significantly reduce your paycheck (often by thousands of dollars over the year).

When to use the estimator. Consider using the estimator at www.irs.gov/W4App if you:

1. Expect to work only part of the year;
2. Have dividend or capital gain income, or are subject to additional taxes, such as Additional Medicare Tax;
3. Have self-employment income (see below); or
4. Prefer the most accurate withholding for multiple job situations.

Self-employment. Generally, you will owe both income and self-employment taxes on any self-employment income you receive separate from the wages you receive as an employee. If you want to pay these taxes through withholding from your wages, use the estimator at www.irs.gov/W4App to figure the amount to have withheld.

Nonresident alien. If you're a nonresident alien, see Notice 1392, Supplemental Form W-4 Instructions for Nonresident Aliens, before completing this form.

Specific Instructions

Step 1(c). Check your anticipated filing status. This will determine the standard deduction and tax rates used to compute your withholding.

Step 2. Use this step if you (1) have more than one job at the same time, or (2) are married filing jointly and you and your spouse both work.

Option (a) most accurately calculates the additional tax you need to have withheld, while option (b) does so with a little less accuracy.

If you (and your spouse) have a total of only two jobs, you may instead check the box in option (c). The box must also be checked on the Form W-4 for the other job. If the box is checked, the standard deduction and tax brackets will be cut in half for each job to calculate withholding. This option is roughly accurate for jobs with similar pay; otherwise, more tax than necessary may be withheld, and this extra amount will be larger the greater the difference in pay is between the two jobs.

Multiple jobs. Complete Steps 3 through 4(b) on only one Form W-4. Withholding will be most accurate if you do this on the Form W-4 for the highest paying job.

Step 3. This step provides instructions for determining the amount of the child tax credit and the credit for other dependents that you may be able to claim when you file your tax return. To qualify for the child tax credit, the child must be under age 17 as of December 31, must be your dependent who generally lives with you for more than half the year, and must have the required social security number. You may be able to claim a credit for other dependents for whom a child tax credit can't be claimed, such as an older child or a qualifying relative. For additional eligibility requirements for these credits, see Pub. 501, Dependents, Standard Deduction, and Filing Information. You can also include **other tax credits** for which you are eligible in this step, such as the foreign tax credit and the education tax credits. To do so, add an estimate of the amount for the year to your credits for dependents and enter the total amount in Step 3. Including these credits will increase your paycheck and reduce the amount of any refund you may receive when you file your tax return.

Step 4 (optional).

Step 4(a). Enter in this step the total of your other estimated income for the year, if any. You shouldn't include income from any jobs or self-employment. If you complete Step 4(a), you likely won't have to make estimated tax payments for that income. If you prefer to pay estimated tax rather than having tax on other income withheld from your paycheck, see Form 1040-ES, Estimated Tax for Individuals.

Step 4(b). Enter in this step the amount from the Deductions Worksheet, line 5, if you expect to claim deductions other than the basic standard deduction on your 2022 tax return and want to reduce your withholding to account for these deductions. This includes both itemized deductions and other deductions such as for student loan interest and IRAs.

Step 4(c). Enter in this step any additional tax you want withheld from your pay **each pay period**, including any amounts from the Multiple Jobs Worksheet, line 4. Entering an amount here will reduce your paycheck and will either increase your refund or reduce any amount of tax that you owe.

Step 2(b) – Multiple Jobs Worksheet (Keep for your records.)

If you choose the option in Step 2(b) on Form W-4, complete this worksheet (which calculates the total extra tax for all jobs) on only ONE Form W-4. Withholding will be most accurate if you complete the worksheet and enter the result on the Form W-4 for the highest paying job.

Note: If more than one job has annual wages of more than \$120,000 or there are more than three jobs, see Pub. 505 for additional tables; or, you can use the online withholding estimator at www.irs.gov/W4App.

- 1 Two jobs. If you have two jobs or you're married filing jointly and you and your spouse each have one job, find the amount from the appropriate table on page 4. Using the "Higher Paying Job" row and the "Lower Paying Job" column, find the value at the intersection of the two household salaries and enter that value on line 1. Then, skip to line 3
2 Three jobs. If you and/or your spouse have three jobs at the same time, complete lines 2a, 2b, and 2c below. Otherwise, skip to line 3.
a Find the amount from the appropriate table on page 4 using the annual wages from the highest paying job in the "Higher Paying Job" row and the annual wages for your next highest paying job in the "Lower Paying Job" column. Find the value at the intersection of the two household salaries and enter that value on line 2a
b Add the annual wages of the two highest paying jobs from line 2a together and use the total as the wages in the "Higher Paying Job" row and use the annual wages for your third job in the "Lower Paying Job" column to find the amount from the appropriate table on page 4 and enter this amount on line 2b
c Add the amounts from lines 2a and 2b and enter the result on line 2c
3 Enter the number of pay periods per year for the highest paying job. For example, if that job pays weekly, enter 52; if it pays every other week, enter 26; if it pays monthly, enter 12, etc.
4 Divide the annual amount on line 1 or line 2c by the number of pay periods on line 3. Enter this amount here and in Step 4(c) of Form W-4 for the highest paying job (along with any other additional amount you want withheld)

Step 4(b) – Deductions Worksheet (Keep for your records.)

- 1 Enter an estimate of your 2022 itemized deductions (from Schedule A (Form 1040)). Such deductions may include qualifying home mortgage interest, charitable contributions, state and local taxes (up to \$10,000), and medical expenses in excess of 7.5% of your income
2 Enter: { \$25,900 if you're married filing jointly or qualifying widow(er), \$19,400 if you're head of household, \$12,950 if you're single or married filing separately }
3 If line 1 is greater than line 2, subtract line 2 from line 1 and enter the result here. If line 2 is greater than line 1, enter "-0-"
4 Enter an estimate of your student loan interest, deductible IRA contributions, and certain other adjustments (from Part II of Schedule 1 (Form 1040)). See Pub. 505 for more information
5 Add lines 3 and 4. Enter the result here and in Step 4(b) of Form W-4
